- Winter semester 2018/19 -

At Heidelberg University, the above-mentioned study courses are subject to a so-called *Studienjahrsregelung*. This means that these study courses can only be started in the winter semester.

Application for the first subject-related semester (beginners)

Admission to the first subject-related semester is granted via three quotas: *Abiturbestenquote* (best average grade of entrance qualification – 20% of available places), *Wartezeitquote* (time waited for a study place in Germany – 20%) and the *Auswahlverfahren der Hochschulen* (AdH: university selection procedure – 60%). Study places of the first two quotas are awarded by the *Stiftung für Hochschulzulassung* (www.hochschulstart.de). The university selection procedure (AdH), for which a special registration is mandatory, is conducted directly at Heidelberg University. An application at www.hochschulstart.de is required in any case; applying solely at Heidelberg University (without prior application at the *Stiftung für Hochschulzulassung*) is not possible.

Application at *Stiftung für Hochschulzulassung*

The application at *Stiftung für Hochschulzulassung* must be made online. Please note that the application deadline depends on the date of your higher-education entrance qualification (HZB – e.g. *Abitur*). Information on the application documents is available at the *Stiftung für Hochschulzulassung*.

- winter semester 2018/19 -

At Heidelberg University, the above-mentioned study courses are subject to a so-called *Studienjahrsregelung*. This means that these study courses can only be started in the winter semester and that all subsequent semesters are bound to this rhythm: In any given winter semester, you can only apply for semesters with an uneven number (1st, 3rd, 5th, etc.); in any given summer semester, you can only apply for semesters with an even number (2nd, 4th, 6th, etc.).

Application for a higher subject-related semester (transfer students)

The application procedure for the application for a higher subject-related semester depends on whether you are applying in the scope of a so-called *Hochschulortswechsel* or a *Quereinstieg*.

You must apply in the scope of a *Hochschulortswechsel* if you have already started the same study course you wish to apply for at Heidelberg University at a **higher-education institution in Germany or in an EU-member state**.

You must apply in the scope of a *Quereinstieg* if you have either already started the same study course you wish to apply for at Heidelberg University at a higher-education institution **outside the EU** or if coursework already completed **in a different subject** (studied in Germany or abroad) can be accredited towards the required study course by the Examinations Office in charge.
