

Exchange Programs in Australia

Students at the University of Heidelberg of all study programs (with the exception of medicine) can apply for an exchange at the following five Australian universities:

University of Sydney

One or two exchange places with tuition waiver are available at the University of Sydney, primarily for undergraduate students (with the exception of medicine and law). Founded in 1850, the University of Sydney is Australia's oldest university and offers a high variety of course programs. More information regarding the exchange program, the expected English level and the diverse range of courses can be found online:

<http://sydney.edu.au/sydney-abroad>

Macquarie University, Sydney

For graduate students, Macquarie University in Sydney offers the possibility of one or two exchange places with a tuition fee waiver. The exchange places are mainly offered to graduate students in the natural sciences, but may also be open to other subjects. A list of possible courses need to be enclosed with the application. Information about Macquarie University, the range of courses and research areas are available here:

<http://www.mq.edu.au/study/international-students>

University of Melbourne

One or two exchange places at the University of Melbourne are available to students of Heidelberg University. The exchange is possible for students of humanities, social science and natural science (with the exception of law). For more information on the university, the range of courses and English requirements visit:

<http://futurestudents.unimelb.edu.au/info/international>

Monash University, Melbourne

One semester place is available at Monash University in Melbourne to students of Heidelberg University. The University offers a variety of subjects in humanities, social science and natural science. More information on the university, the range of courses and required English level can be found on the following website:

<http://www.monash.edu/study-abroad>

Australian Catholic University (ACU)

Up to two exchange study places are available to students of Heidelberg University. Campuses that belong to ACU are, among others, in Melbourne, Brisbane und Sydney. The range of offered courses is especially interesting for students of humanities, social sciences and economics, and those who study to become teachers. For more information on the university, the range of courses and English requirements:

<http://www.acu.edu.au>

Further information on the exchange in Australia and reports from former exchange students are available on our website www.uni-heidelberg.de/auslandsstudium.
