STUDENT RESEARCH ASSISTANT ***Macroeconomics and Econometrics***

Prof. Dr. Christian Conrad and Prof. Dr. Zeno Enders are looking for a student research assistant to join the team as from May 15 onward. The successful candidate is expected to assist in various research projects.

Tasks: Collection of data, literature search, proofreading of scientific texts, supporting tasks for the preparation of lectures, administrative tasks.

Contract length: May 15 until September 30, 2021 (extensions are possible).

Working hours: 15h per month.

Required profile: very good results in macroeconomics/econometrics courses; good know-ledge of Word and Excel; thoroughness and reliability; flexibility; knowledge of Latex, Stata and/or Matlab is beneficial.

What we offer: Competitive salary, flexible working hours, possibility to acquire skills in various programming languages and to improve skills in Excel; insights into cutting edge research in econometrics and macroeconomics.

Interested students (Master or advanced Bachelor) should email their application (incl. CV and transcript of grades) to
