Hörsaal West, Im Neuenheimer Feld 252

1564th session

Tue. 22.10.2024

17:15

Prof. Michel Ruck

Inorganic Chemistry in Ionic Liquids: From new Syntheses to Electrolytes and Sustainable Processes

Technische Universität Dresden, Anorganisch Chemisches Institut, DE

<https://tu-dresden.de/mn/chemie/ac/ac2/>

1565th session

Tue. 05.11.2024

17:15

Prof. Dirk Guldi

Robert Bunsen-Vorlesung 2024

Adaptive Light Capture, Conversion, and Storage

Friedrich-Alexander-Universität Erlangen-Nürnberg, Department of Chemistry and Pharmacy, DE

<https://www.chemistry.nat.fau.eu/guldi-group/>

1566th session

Tue. 19.11.2024

17:15

Prof. Joris Van Slageren

Molecules for Quantum Technologies

University of Stuttgart, Institute of Physical Chemistry, DE

<https://www.ipc.uni-stuttgart.de/research/slageren/>

1567th session

Tue. 03.12.2024

17:15

Prof. Wolfram Meier-Augenstein

Weihnachtskolloquium 2024

CSI: Crime & Stable Isotopes

University of Cambridge, Department of Chemistry, UK

<https://rgu.academia.edu/WolframMeierAugenstein>

1568th session

Tue. 14.01.2025

16:30

Prof. Johannes C. Brendel

Anisotropic Functional Nanostructures by Polymer Design

University of Bayreuth, Department of Macromolecular Chemistry, DE

https://www.mc1.uni-bayreuth.de/de/team/Brendel_Johannes/index.php

1569th session

Tue. 28.01.2025

17:15

Prof. Elizabeth von Hauff

In-situ Tools for Dynamics and Electronic Structure at Functional Interfaces in Energy Conversion and Sensing

Technische Universität Dresden, Institut für Festkörperelektronik, DE
