Hörsaal West, Im Neuenheimer Feld 252

1551st session

Mo. 23.10.2023

17:15

Prof. Stephen L. Buchwald

Palladium-Catalyzed Carbon-Heteroatom Bond-Forming Reactions for the Functionalization of Molecules Big and Small

Massachusetts Institute of Technology, Cambridge, USA

<https://chemistry-buchwald.mit.edu/>

1552nd session

Tue. 7.11.2023

17:15

Prof. Christian Ochsenfeld

Quantum-Chemical Insights into Large Molecular Systems

LMU München, Department of Chemistry, Theoretical Chemistry

<https://www.cup.lmu.de/pc/ochsenfeld/>

1553rd session

Tue. 14.11.2023

17:15

Prof. Frank Glorius

On Discovery and Sensitivity in (Photot)Catalysis Labelling

Universität Münster, Organisch Chemisches Institut

<https://www.uni-muenster.de/Chemie.oc/glorius/glorius.html>

1554th session

Tue. 05.12.2023

17:15

Prof. Colin Nuckolls

Using Superatomic Building Blocks to Make Materials

Columbia University, Department of Chemistry, New York

<https://www.nuckolls-lab.com/>

1555th session

Tue. 12.12.2023

16:30

Xmas Symposium

Science Slam | Prizes | Food and Drinks
