### WRITING FOR A NON-SCIENTIST AUDIENCE

Tel. Bradley van Paridon, Sciencebirds

en

In this workshop, we will discuss how to tell a good story and common bad habits scientists have when writing for the public. Participants will practice writing short pieces based on their own work or interests that will be shared and discussed during the workshop.

22./23.06.2022, 9 am-1 pm  
Online

### CAREER DEVELOPMENT

Dr. Sascha Vogel, Sciencebirds

en

What comes after graduation or a doctorate? How to get the job you want – and which one is that? We work out which options are available and which career steps are important to get closer to the respective dream job.

29./30.06.2022, 9 am-1 pm  
Online

### EINFACH ÜBERZEUGEND AUFTRETEN

Roman Jaburek

Die Basis in diesem Workshop ist das vom Trainer entwickelte Stimmigkeits-System. Dieses berücksichtigt die drei wichtigsten Elemente für unsere mündliche Kommunikation: Stimme, Persönlichkeit und Botschaft. Es geht darum, in jeder Sprechsituation seine Stimme gekonnt einzusetzen, einfach authentisch zu sein und seinen Inhalt so zu vermitteln, dass er auf Anhieb verstanden wird.

05./06.07.2022, 9-17 Uhr / 9-13 Uhr  
Seminarzentrum D2, Raum 2, Bergheimer Straße 58 A, Eingang Fehrentzstraße

### ACADEMIC POSTER DESIGN

Dr. Susanne Berger, Visual Science Communication

en

Academic posters are a useful communication method to present your PhD project. We will determine what should be on the poster and how we can communicate it efficiently. You will learn how to produce an aesthetically pleasing and effective poster. On the second workshop day, participants will receive individual feedback to their posters or poster drafts.

07.07.2022, 9 am-5 pm & 12.07.2022, 30 min per person  
Online

### BEWERBEN 4.0 – DER PROFESSIONELLE UMGANG MIT ONLINE-BEWERBUNGSPORTALEN UND ONLINE-PROFILEN

Bianca Sievert, beruf & leben

Im Workshop wird praxis- und übungsortientiert auf Basis der konkreten Bewerbungssituation der Teilnehmer/innen und auf Basis von Fallbeispielen gearbeitet. Behandelt werden dabei unter anderem folgende Themen: Jobsuche in der digitalen Welt, strategische und professionelle Selbstpräsentation im Netz und Umgang mit virtuellen Auswahlverfahren wie Online-Assessments und Videointerviews.

20.07.2022, 9-13.30 Uhr  
Online

### COMMUNICATING SCIENCE COMPREHENSIBLY THROUGH VISUALIZATIONS

Chris Spatschek, Nawik

en

Scientific research is often difficult to comprehend for individuals outside the respective discipline and outside academia in general. Therefore, it is vital for scientists to possess and use communication tools that help non-specialist audiences to gain a better understanding of their research. This two-day seminar introduces participants basic design principles and methods that will allow you to graphically present your research topics.

26./27.07.2022, 9 am-5pm  
Seminarzentrum D2, room 1, Bergheimer Straße 58 A, entrance Fehrentzstraße

### RESEARCH DATA MANAGEMENT

Dr. Jochen Apel (UB), Nina Bischof (URZ), Dr. Georg Schwesinger (UB)

en

Collecting, processing and analyzing data are central activities for virtually every researcher and topics such as data sharing and data publication are becoming increasingly important. This course is meant to give a general, discipline-independent introduction into various topics central to an efficient management of research data with a special focus on questions related to data archiving and Open Research Data.

28.07.2022, 2-6 pm  
Seminarzentrum D2, room 1, Bergheimer Straße 58 A, entrance Fehrentzstraße
