### APPLICATION PROCEDURES

Premise	École normale supérieure is a selective and challenging institution; a very high ( <b>Excellent</b> ) level of our partners' students is requested, according to the academic standards of E.N.S. They ought to be in a position to validate their study program in E.N.S. <b>First and Second-Year Undergraduate students are not admitted.</b>
Scientific coordination	The ELAN scientific coordinator of the partner university is responsible for preparing student mobility in his own institution. He should get in touch with his counterpart in the E.N.S department.
Admission	The student selected by his university to participate the ELAN exchange program with E.N.S. must send his curriculum to the professor in charge with foreign students <b>in the department</b> ( <i>correspondant des relations internationales</i> ). The student's curriculum and study program have to be accepted by E.N.S. <b>before</b> the signature of the Learning agreement.

### HOUSING

Housing	Housing is not guaranteed.
Student Accommodation	<a href="http://www.ens.fr">http://www.ens.fr</a> , <i>Vademecum du logement</i> <a href="mailto:dri@ens.fr">dri@ens.fr</a> , <a href="mailto:stella.dossa@ens.fr">stella.dossa@ens.fr</a> <a href="http://www.crous-paris.fr">http://www.crous-paris.fr</a>

### COSTS

Cost of living	minimum 1000€/month

Institution	<b>École normale supérieure</b>
Specific Information Scientific coordination	<p>École normale supérieure carefully selects its own students and requires a similar level from guest students, who ought to feel at ease with classes taught by professors and with their field of study, according to the criteria of E.N.S.</p> <p>E.N.S. is a study and research institution which educates students to research through research. This means that ENS guest students not only take courses within E.N.S. program but also conduct a <b>research project</b> under the supervision of an E.N.S. professor.</p> <p>ELAN students should be able to validate the E.N.S. cursus which should therefore be prepared with care.</p> <p>Students selected by their universities for an ELAN stay at the École normale supérieure can download the <b>student booklet</b> and the <b>course booklets</b> at the following link: <a href="https://www.ens.fr/normalien">https://www.ens.fr/normalien</a>.</p> <p>This document indicates the contacts of the directors of studies and of the professors in charge with International Relations in each department.</p> <p>The <b>scientific coordinator</b> organises the ELAN student mobility. He keeps contact with his counterpart in the partner University and organises the ELAN stays for the current academic year (study stays, research stays, internships).</p> <p>The <b>organisation of the scientific coordination</b> is a prerequisite for administrative registration.</p> <p>Students should contact the tutor they would choose in the relevant department to submit their university CV and transcript, as well as a personal form which includes a <b>study and research project</b>.</p> <p>These documents are also to be sent to Prof. Martine Bimut, in charge with ELAN network agreement <a href="mailto:martine.bismut@sns.it">martine.bismut@sns.it</a>.</p> <div data-bbox="523 1115 1417 1236" style="border: 2px solid blue; padding: 5px;"><p><b>NB: No ELAN student will be accepted by E.N.S. without the prior approval by the E.N.S. scientific coordinator of his CV and study project.</b></p></div> <p>After the approval by E.N.S., the partner University will finalise the nomination of the student who will be able to fulfill the further steps and to send the International Relations Office <a href="mailto:dri@ens.fr">dri@ens.fr</a>, <a href="mailto:stella.dossa@ens.fr">stella.dossa@ens.fr</a> the following documents:</p> <ul style="list-style-type: none"><li>- Erasmus Learning Agreement</li><li>- E.N.S. Administrative Schedule</li><li>- Erasmus nomination</li><li>- Copy of the health insurance certificate</li><li>- Copy of the identity card or passport.</li></ul> <p><b>Deadlines for ELAN students</b></p> <ul style="list-style-type: none"><li>• For a stay to be held in the <b>first semester</b> of the following academic year, the requested documents should be received by E.N.S. the scientific coordinator by <b>May 30</b>.</li></ul> <p>The scientific coordinator of E.N.S. should validate the application by <b>June 20</b>.</p> <ul style="list-style-type: none"><li>• For a stay to be held in the <b>second semester</b> of the academic year, the documents of the candidates must reach the ENS scientific coordinator by <b>November 15</b>.</li></ul> <p>The scientific coordinator of E.N.S. should validate the application by <b>December 15</b>.</p> <p>If necessary, the project of the candidate and Learning Agreement can be modified after his arrival or after the following year booklet is published, with the prior approval of the E.N.S. scientific coordinator.</p>
