Beyond the Daode jing Twofold Mystery in Tang Daoism
Three Pines Press, 228 p.
(2009)
ISBN 978-1-931483-12-4

Abstract:

Developing at a time of intense interaction and debate among Daoists and Buddhists, Twofold Mystery integrates many originally Buddhist concepts into a Daoist theory of salvation based on, yet going beyond, the Daode jing. Heir to the philosophical tradition of Dark Learning or Mystery Study as well as to Daoist devotional and immortality schools of the Six Dynasties, Twofold Mystery is key to understanding medieval Daoist thought.
